

## BOBBY L. HAGER

Bobby L. Hager is the Director of the Air Force Sustainment Center Software Directorate. She is responsible for development, delivery, integration, support, and sustainment of war-winning software capabilities, while providing comprehensive software engineering services for Air Force weapon systems. She leads the enterprise, providing the preferred organic source of software engineering services for DAF weapon systems and equipment, for all echelons of development and sustainment to keep pace with advancing technology, mission capability needs, and dynamics of the cyber environment. She oversees three primary locations: 76 SWEG (Tinker AFB, OK), 309 SWEG (Hill AFB, UT), and 402 SWEG (Robins AFB, GA), and 11 operating locations comprised of over 5500 software professionals generating over \$1B in revenue and undeterred air power.

Her previous assignment was serving as the Executive Director at Fleet Readiness Center East Marine Corps Air Station Cherry Point, North Carolina. As the senior civilian for a command workforce comprised of more than 4,000 civilian, Military, and contractor personnel, she led a team of senior leaders responsible for a wide array of Navy and Marine Corps aviation sustainment responsibilities.

## EDUCATION

2011 Master of Business Administration, Columbia Southern University, Orange Beach, Alabama.
